Hereby we would like to acknowledge that Intlabs company provided a training: "Public cloud computing - Amazon Web Services (advanced course)" on 19.-21.07.2014, which was attended by employee of our company.

The Trainer from Academy of Virtualization conducted a 3-days training in the form of theoretical lectures combined with practical workshops using Amazon AWS environment. The training was of a very high level of expertise and organization and the participants appreciated high level of training materials.
